## Product Description

There are two types of MIRA, square or round in design. Both are available with leaf springs or with gyproc springs for easy mounting. Available with a GU10 fitting. The light source lies a little deeper in the fixture to prevent glare. Available in aluminium, RAL9005 or RAL9016. Dimensions round: Ø 90mm diameter. Dimensions square: Ø 90x88x88, recessed: Ø82-84mm.
